Policy Proposal Notice:

EBR Registry Number: 011-5414

Title:

Ministry:

Minor amendment to the Temagami Land Use Plan and associated policy reports of the Crown Land Use Policy Atlas (Amendment # 2011-011)

Ministry of Natural Resources

Date Proposal loaded to the

Registry:

March 21, 2012

Keyword(s): Land | Land use planning

The comment period for this proposal is now over.

Description of Policy:

Contact:

The North Bay District is proposing one minor amendment to the Temagami Land Use Plan (TLUP) and the associated policy reports of the Crown Land Use Policy Atlas (CLUPA). The amendment is being proposed in response to the district proceeding with the scheduled 10-year review of the TLUP. As per the Guide for Crown Land Use Planning (2011), an assessment was completed to determine the need for a full plan review; this resulted in the decision to undertake a scoped review as the plan continues to meet its objectives and intent.

Phone: (705) 475-5524

To clarify land use direction, the amendment proposes administrative changes to language in the CLUPA policy reports along with the re-designation of 29 management areas in the CLUPA from General Use Area to Enhanced Management Area. The proposed re-designation will not change the original intent or the permitted uses of the specified management areas; the re-designation is simply a name change. The proposed amendment will:

- Ensure the intent of Special Management Areas in the TLUP is accurately captured through re-designations in CLUPA;
- Ensure the Management Area Descriptions of the TLUP are correctly represented in CLUPA; and
- Add clarity to existing land use direction.

If approved, the amendment would ensure that the intent of the TLUP would be met in the associated policy reports of the CLUPA. In doing so, the land use policies would provide better land use direction to MNR staff, industry, and the public.

Purpose of Policy:

The purpose of this posting is to invite the public, stakeholder groups, and Aboriginal communities to comment on the proposed minor amendment to the TLUP and associated policy reports of the CLUPA.

Public Consultation:

This proposal was posted for a 44 day public review and comment period starting March 21, 2012. Comments were to be received by May 04, 2012.

All comments received during the comment period are being considered as part of the decision-making process by the Ministry of Natural Resources.

Please Note: All comments and submissions received have become part of the public record.

Other Public Consultation Opportunities:

A local and provincial level stakeholder mail-out and paid advertisement in local newspapers will also invite the public to review and provide input on the proposed amendment. MNR staff will also attend meetings with interested parties in order to explain the proposed amendment and to obtain input.
